

# STRAW FLOWERS

**Straw Flowers** are the perfect **craft** children can make to give as a little gift. It is the perfect **homemade gift idea for Mother's Day**, birthdays or just because you want to make someone smile.

## WHAT YOU WILL NEED?

Craft glue, paper bun cases. Straws, toilet or paper towel roll, scissors and ribbon  
Colourful stickers, if you have them

## LET'S CREATE

Attach the paper case to the top of the straw using the stickers or sellotape. I think the bendable straws make the flowers look like daffodils.

Once you have a nice collection, it's time to make the toilet roll vase.

Attach a paper case to the bottom of the toilet roll with sticky tape to keep the flowers

Time to decorate!

Use pens, crayons, stickers to decorate your vase in whatever way you choose

## LET'S PLAY

A little imaginative play – pretending to be florists arranging their flowers in their vases!

## A BUNCH OF COLOURFUL FLOWERS
